Never let an opportunity pass you to say a good word for Phoenix and the Salt River Valley.

MURDER like that at the Golden Gate Club in San Francisco Monday night will do much to stop prize fighting.

The manly art of self-defense is all right in its way, but when carried into brutal prize fighting it is all wrong.

Should the Atchison complete its deal for obtaining control of the Baltimore and Ohio as outlined in THE REPUBLICAN'S dispatches this morning, it would undoubtedly soon build a short line from Flagstaff or some other point in Northern Arizona to San Diego, via Phoenix and Yuma.

THE REPUBLICAN is pleased to note the improved character of buildings in Phoenix. It shows the solid confidence our business men have in the stability of the city. A flimsy building on a main street usually shows a hesitating move—an openly expressed doubt of the future. The day for such has passed in Phoenix.

Is turning over the office of Commissioner of Immigration yesterday, ex-Commissioner Farish handed Commissioner Black an unabridged dictionary, saying that it was the only volume that contained words sufficient to properly set forth Arizona's resources. Surely no higher compliment could be paid to the wealth of the Territory.

READERS OF THE REPUBLICAN in Yuma, Tucson, Tombstone, Florence, Nogales, Benson, and other towns in the Eastern part of the Territory, are requested to call at Wells-Fargo Express office for their paper instead of at the postoffice. In sending THE REPUBLICAN by express it reaches the towns named twenty-four hours earlier than when sent by mail.

The evening contemporary unable to get out of the mire into which it had jumped says "some body told it so and so." THE REPUBLICAN defies it to find any man in Phoenix who will come face to face to the editor of this paper and say he ever heard him utter a word indicative of a determination or desire to "do" any other paper. If the Herald has been told any such thing it has been grossly misinformed.

WHEREVER wave the glorious Stars and Stripes, there should every loyal son celebrate the immortal day that saw his Nation's birth. No tributes can be too elaborate, no displays too grand in the observance of the natal day of the greatest Nation upon the earth. Let every citizen prepare to do fitting honor to Independence Day, and to show to the East and West that Arizona's patriotism is high and enduring.

Judging from the vastly increased fruit crop now being gathered in the orchards of the valley, and the gratifying improvement in quality presented over other years, it is safe to say that the time has arrived for the establishment of a first-class cannery in Phoenix. A fruit dryer, where apricots and peaches might be evaporated and packed into marketable shape, would be also a profitable business enterprise at the present time.

THE Mission grape has no superior for table use but for profit must be displaced in this valley by either fine wine or raisin grapes. There is no land upon which the sun shines that has such a concentration of advantages as are offered by the Salt River Valley for the culture and cure of the raisin grape. The Muscat of Alexandria, Muscatel, Malaga and Sultan grapes all yield most abundantly and, in the warm, dry air of an Arizona summer, curing can be carried on with confidence. Let the Mission roots be used as stocks upon which to graft more marketable varieties.

THE water works have been of vast benefit to Phoenix. Not to speak of the convenience of the system for domestic use, the security it gives against extensive conflagrations and the assurance of better health to the populace, what an improvement has been made in the general appearance of the city. Residence owners, wherever the system reaches, have almost discarded the old-time irrigating from the town ditches, and now use the hose and sprinkler. Blue grass and flowers give beauty to many a hitherto bare yard, and Phoenix is rapidly gaining a reputation as the garden-spot of the Southwest.

PRAISE TO WHOM IT IS DUE.

In making a statement of fact the narrator strengthens or weakens his statement by the circumstances surrounding it. Vice by his personal knowledge, naming his authority, or vaguely stating it as a rumor.

THE REPUBLICAN believes that the Republican party is entitled to the credit of all praiseworthy acts done or aided by any and every Republican official. Its enemies never fail to charge it with all the wrong doing of its office holders and as certainly never fail to point their remarks by naming in person the offending officers "as proof of the correctness of the statement."

THE REPUBLICAN, in presenting the party claims for benefits rendered, expects to give the facts as forcibly as circumstances will permit. As acts done by the party require actors, it becomes a part of the evidence to name the actors even though the natural modesty of the actors forces them to protest to the publicity given them. Nevertheless their modesty must sometimes give way, even as a blushing maiden is sometimes required to appear as a performer in a crowded assembly.

THE REPUBLICAN will at all times strive to claim for the Republican party all that is due to it, and just at the present time Arizona has more to be thankful for, both to the Territorial and National Republican administrations, than ever before in her history. And, too, much that has been done has been accomplished against the active opposition of Delegate Marcus A. Smith.

As instance of how Southern California is continually advertising herself is shown from the manner in which she is continually sending out literature to enlighten the people of the East as to her soil and products. Of a recent pamphlet on orange culture, prepared by A. C. Fish, Esq., the Los Angeles Chamber of Commerce is to take 15,000 copies, the Santa Fe road 13,000, San Diego 5,000, Pasadena 4,000, and Ontario, Pomona and Santa Ana several thousand each. Such work as this tells, and the more of it the better. Copies of THE REPUBLICAN do good missionary work for Arizona, and the cost of sending them away is trifling.

From present indications the Senate will pass the House Silver Bill without an amendment. It is not just what the people of the West wanted, still it is a long step towards free coinage.

TO FORM A COLONY.

Land to be Sub-divided and Sold in Twenty-Acre Tracts.

A new proposition has been entered into by several Tempe parties that promises to bring good to the valley.

A combination has been formed of the Tempe Land and Improvement company, Neils, Petersen and Mons Ellingsen, under the terms of which the first named puts 160 acres of land into the common pool, the second 320 acres and the third 160 acres. This land will be divided up into twenty-acre tracts and offered for colonization on the following terms: The purchaser to pay \$1500—one-third cash, balance in five years at 6 per cent—in consideration of which will be delivered to him the land and water for the same, lumber for a small house, a horse, cow, wagon and plow, grape cuttings for ten acres, and young fruit trees sufficient to set out five acres more, including oranges, olives and apricots.

Mr. T. L. Schultz of Tempe will leave in a few days for Kansas City, where parties are awaiting him, with the expectation of joining the colony.

Fire at Tempe.

Yesterday afternoon word was received from Tempe that the furniture warehouse of Ross & Goldman was totally destroyed by fire about noon. The building was located in East Tempe, nearly opposite the store of Goldman & Co. The warehouse has not been opened for several days. Mr. Ross being absent, and the origin of the fire is a mystery.

It was a large frame building, lightly constructed, and has been built about two years.
